RTS POS Overview

The refactored RTS POS is a web-based application designed to process vehicle registrations, titles, and temporary permits for Texas motorists through a series of web pages. The RTS POS system provides functions for cash accounting, funds allocations, and a full audit trail along with inventory control for license plates, windshield/plate stickers, and temporary permits.

The RTS POS application displays when you log into the RTS workstation.

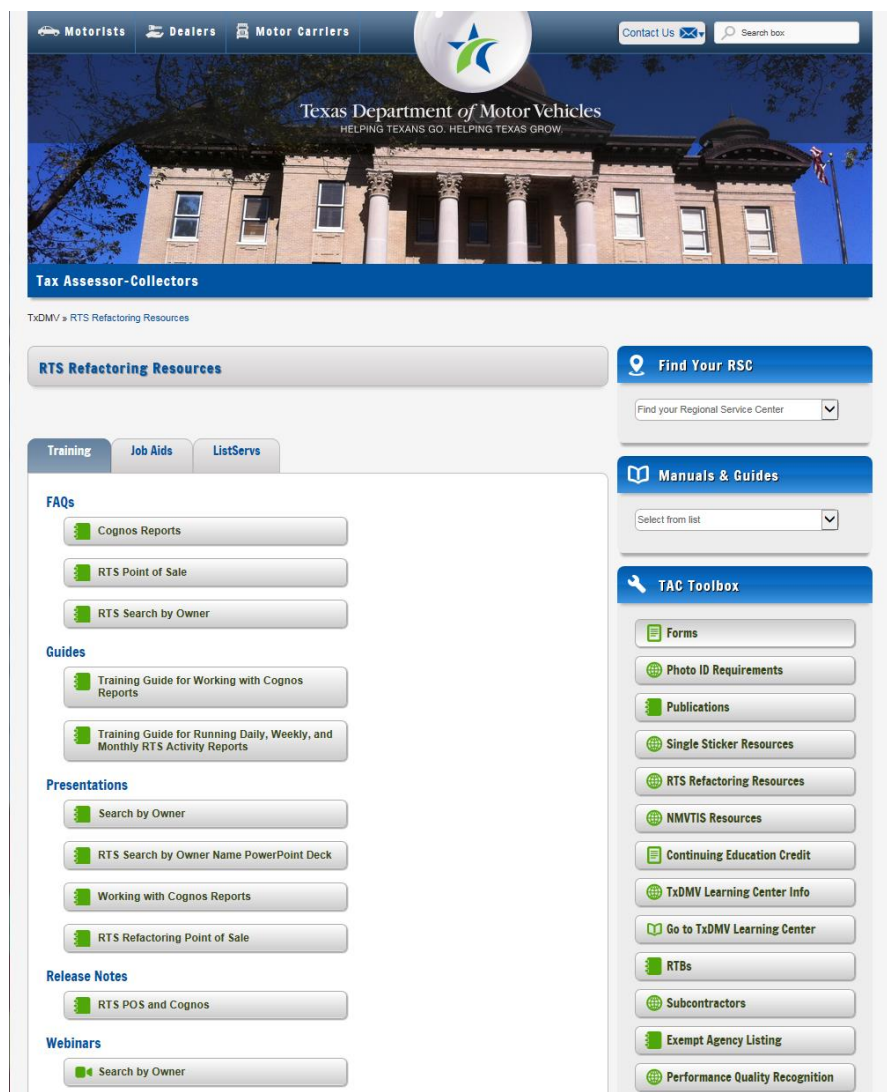

To display reference information about using the RTS POS, you can click  in the upper right corner of the web browser to minimize the application and click the  RTS Refactoring Help icon on your desktop.

The RTS Refactoring Resources page (on the TAC Hub) will display FAQ documents composed of questions submitted by the county tax offices, as well as materials presented during RTS POS webinars (including the training guides, slide decks for presentations, and other recorded webinar sessions). The original Release Notes are also available on this page.

Click the **Job Aids** tab to locate important quick references to help you log in and work with the RTS POS.

When logged into the RTS POS, you can get specific application level help by clicking the Help button on the page you are viewing or the entire user assistance web site by selecting **Help > User Guide** on the main page action bar.

Note: It is important to visit this Resources page frequently for updates and new materials.

The screenshot displays the Texas Department of Motor Vehicles website. The header includes navigation links for Motorists, Dealers, and Motor Carriers, along with a Contact Us link and a search box. The main banner features the state capitol building and the text "Texas Department of Motor Vehicles HELPING TEXANS GO. HELPING TEXAS GROW." Below the banner, the page is titled "Tax Assessor-Collectors" and "TxDMV > RTS Refactoring Resources". The main content area is divided into sections: FAQs (Cognos Reports, RTS Point of Sale, RTS Search by Owner), Guides (Training Guide for Working with Cognos Reports, Training Guide for Running Daily, Weekly, and Monthly RTS Activity Reports), Presentations (Search by Owner, RTS Search by Owner Name PowerPoint Deck, Working with Cognos Reports, RTS Refactoring Point of Sale), Release Notes (RTS POS and Cognos), and Webinars (Search by Owner). On the right side, there are additional resources: Find Your RSC (Find your Regional Service Center), Manuals & Guides (Select from list), and the TAC Toolbox (Forms, Photo ID Requirements, Publications, Single Sticker Resources, RTS Refactoring Resources, NMVTIS Resources, Continuing Education Credit, TxDMV Learning Center Info, Go to TxDMV Learning Center, RTBs, Subcontractors, Exempt Agency Listing, Performance Quality Recognition).

1 Enhancements and Updates in RTS POS

The following sections explain the changes in RTS 9.2.0.

1.1 New and Redesigned License Plates Issued

1.1.1 Smokey Bear

The Smokey Bear license plate is available to be ordered for passenger vehicles, trucks, mopeds, motorcycles, trailers, travel trailers, and private buses.

1.1.2 Redesigned US Army

The redesigned US Army license plate is available to be ordered for passenger vehicles, trucks, mopeds, motorcycles, trailers, travel trailers, and private buses.

1.1.3 Redesigned US Army Honorably Discharged

The redesigned US Army Honorably Discharged license plate is available to be ordered for passenger vehicles, trucks, mopeds, motorcycles, trailers, travel trailers, and private buses.

1.1.4 Redesigned US Army Retired

The redesigned US Army Retired license plate is available to be ordered for passenger vehicles, trucks, mopeds, motorcycles, trailers, travel trailers, and private buses.

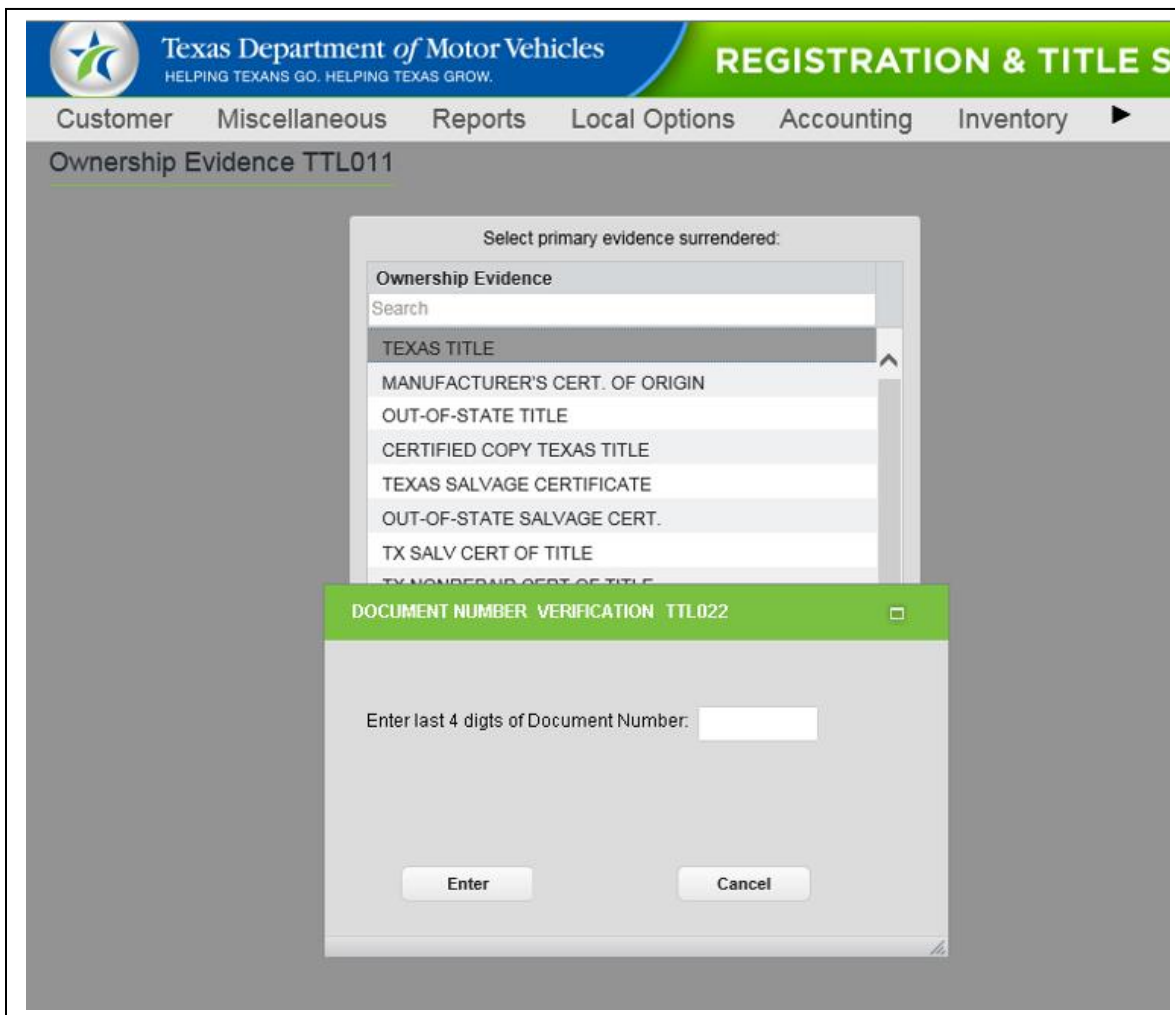

1.1.5 Redesigned Disabled Veteran US Army

The redesigned Disabled Veteran US Army license plate is available to be ordered for passenger vehicles, trucks, mopeds, motorcycles, trailers, travel trailers, and private buses.

1.2 Entry of Last Four of Texas Document Number

When any Texas ownership evidence type is selected on the **Ownership Evidence TTL011** screen of RTS POS, a new **Document Number Verification TTL022** screen displays that requires the user to enter the last four digits of the Texas Document Number. For example, if Texas Title, Certified Copy of Texas Title, etc. is selected, in all cases the **Document Number Verification TTL022** screen pops up. In this manner, the user verifies that the surrendered Texas document corresponds to the current record.

The screenshot displays the 'Ownership Evidence TTL011' screen with a modal window titled 'DOCUMENT NUMBER VERIFICATION TTL022'. The modal window contains a list of ownership evidence types, with 'TEXAS TITLE' selected. Below the list is a text input field labeled 'Enter last 4 digits of Document Number:' and two buttons: 'Enter' and 'Cancel'.

1.4 webPERMITS Vehicle Confirmation

When a customer enters a VIN in webPERMITS, a confirmation pop-up now appears asking the user to verify the vehicle. If the customer selects “Yes,” they will be forwarded to the Insurance Information page. If the customer selects “No,” they will be asked for more information.

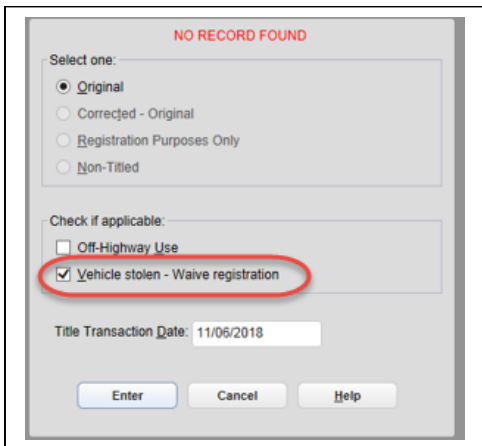

The screenshot shows a web browser window with a pop-up titled "Vehicle Confirmation". The pop-up has a close button (X) in the top right corner. The main text inside the pop-up asks "Is this your vehicle?". Below this question, the vehicle details are listed: "Year: 2008", "Make: DODGE", and "Body Style: 4D SEDAN". At the bottom of the pop-up, there are two buttons: "Yes" and "No".

1.5 Delinquent Transfer Penalty Fee Collection

When "NO RECORD FOUND" is returned following entry of a VIN in the Title Event, the **Title Types TTL002** screen displays. If you select the "Vehicle stolen - Waive registration" checkbox, the Delinquent Transfer Penalty Fee field and the associated options are enabled in the **Sales Tax TTL012** screen, allowing a penalty fee to be assessed. The "INS CO ON STOLEN VEHICLE CLAIM" remark has been removed.

The screenshot shows the 'TTL002' screen with a red header 'NO RECORD FOUND'. Under 'Select one:', the 'Original' radio button is selected. Under 'Check if applicable:', the 'Vehicle stolen - Waive registration' checkbox is checked and circled in red. The 'Title Transaction Date' is 11/06/2018. Buttons for 'Enter', 'Cancel', and 'Help' are at the bottom.

Figure 4: TTL002 Screen

The screenshot shows the 'Sales Tax TTL012' screen. The 'Categories' dropdown is set to 'SALESUSE'. The 'Date of Assignment' is 07/01/2018. The 'Sales Tax Info' section includes 'Sales Price (less \$)', 'rebate', 'Trade-In', 'Tax Paid Other State', and 'Military' checkbox. The 'Penalty Percent' is set to 10, with a red note 'Sales Tax Penalty defaulted to 10%'. The 'Delinquent Transfer' section includes 'Penalty Fee' and radio buttons for 'Dealer', 'General Public', 'Exempt', and 'Military'. The 'Trade-In Info' section includes 'Year/Make', 'VIN', and 'Additional Trade-In(s)'. Buttons for 'Enter', 'Cancel', and 'Help' are at the bottom.

1.7 One-Trip Permit Requires Texas Origination or Destination

When creating a One-Trip Permit, RTS now presents a drop-down in the Origination and Destination fields. Texas must be selected as either the origin or the destination. If Texas is not selected, the permit will not be issued.

The screenshot displays the 'Timed Permit MRG006' form. The 'One Trip Permit' section contains the following fields:

- Vehicle Info:**
 - Year/Make: [] [] [v]
 - Body Style: [] [v]
 - VIN: []
 - Plate No: [] State/Cntry: [] ☒ USA
